

Support NYAPRS by Donating Now

Your donation will help us continue to make a tremendous difference in the lives of people with psychiatric disabilities. Your generous donation will support our nationally recognized advocacy, education, training and service innovations that are dedicated to improving lives, families and communities.

During 2010, NYAPRS led statewide grassroots campaigns that successfully protected the community mental health safety net by averting cuts to community recovery services and critical entitlements and by advancing the development of innovative rehabilitative peer supported approaches. Through our e-news, webinars, training and technical assistance activities, we helped thousands of peers and providers across the state and nation to advance opportunities for recovery, employment and empowerment. And we launched several pioneering peer run outreach, engagement and wellness focused Medicaid initiatives that are helping hundreds of our most vulnerable community members to get the help they need to advance their health, recovery and lives in the community

These are very challenging times that require strong and smart leadership, information and inspiration to assure our mission to improve services and social conditions that advance the recovery, rehabilitation and rights of people with psychiatric disabilities is properly understood, supported and advanced.

Over the coming year, NYAPRS' great skill and success in combining 'at the table' inside government efforts with unparalleled grassroots organizing and action and prominent media work will be needed ever more, as we face unprecedented financial pressures and policy challenges. We need your help to make sure we can put on a full court press to protect the services and the policies we all care so much about!

Thank you for supporting NYAPRS. Your tax-deductible contribution makes our work possible. Please direct your questions or concerns to our Chief Operating Officer David Chancey at 518-436-0008 or davidchancey@nyaprs.org.
